road investment of America, pay an average interest to the bondholders and creditors of only 4.75 per cent and an average dividend to the stockholders of only 1.75 per cent. This rate of interest is less than is earned by capital invested in any other industry in the country.

While there has been a steady reduction in freight rates and in passenger fares, there has been a steady increase in the demand for the public for still greater service of business and better facilities. Compare our railroads of today with those of fifty years ago, the sleeping cars, the vestibule trains, the ninety-ton locomotives, the rock ballast road beds and the heavy steel rails with the old-fashioned coaches, the little engines and flat rails on stringers. Then compare the rate per ton on freight today with the rate per ton on freight then.

We have in Georgia a striking illustration of the difference between the conditions which surround roads now and in 1840. The Central railroad was then about 110 miles long; it earned \$113,000; it ran but a single train for both passengers and freight, and its entire operating expenses and maintenance of way was only about \$34,000. It paid a handsome dividend of 10 per cent on its capital. Today, the Atlanta and Florida, 180 miles in length, earns about \$120,000 per annum—more than the Central. The Central earned in 1840—and yet it costs over \$80,000 per annum to operate it.

It is difficult to appreciate how cheaply freight is now hauled. See the ponderous locomotive as it passes, bearing a train of thirty cars or more, loaded with more than thirty tons of freight. Watch it as it speeds on its way. Reflect upon the fact that it must be controlled by the train dispatcher, who controls its movements. Theories are adapted to the promotion of our welfare and prosperity. This brings us to the southeast. In order to determine the class of railroad combination which is best adapted to our welfare we must study our topographical and geographical position, the conditions that surround us, and our situation in relation to the other sections of the country. We have no great waterway running along our coast, and no great waterway running along our coast, and no great waterway running along our coast.

It is inconceivable that they can more freely at a much less cost, while the increase of traffic will enable the southern roads to meet their rates and compete with them for western business. It takes but a mathematical calculation to demonstrate that when the rates on the southern roads closely approximate the rates on the northern lines, the shortest of the southern lines to the sea will tell with tremendous effect upon the commerce of the continent.

ATLANTA IN BRIEF

ST. VALENTINE'S DAY

SEASON WHEN BIRDS GO MATING
AND LOVERS RENDER TRIBUTE.Some Gossip About the Quantities of Tender
Missives Sent Through the Mails by All
Ages, Sexes and Colors.

St. Valentine's Day!

It comes around every year, but there is
never any abatement in the interest mani-
fested in the day and the tender traditions
connected with it.Batter curious, but true, nevertheless, peo-
ple may grow old and wrinkled and gray; but
the time of love making is never forgotten
even by the most staid matron and most digni-
fied gentleman; and they are careful to keep
the legends handed down to those who are
coming after them.Yesterday the book stores of Atlanta pre-
sented a scene of bustle and business that was
phenomenal. Early in the day the fashionable
shoppers had their turn, and singly and in
pairs they dropped in at the stores and went
through the piles of dainty missives, art-
istically designed cards and unreal caricatures,
selecting such as their taste might dictate.Among these was a fair sprinkling of older
people, many of them the mothers and fathers
of grown up sons and daughters, bent on the
same mission. It was real funny to watch
some of the elderly ladies glancing furtively
at the tempting wares, all the while keeping
a sharp eye on the door lest the lord and master
should slip in unobserved and catch them in
the act of silly simplicity.At 2 o'clock, when the public schools closed,
the torrent swelled to a deluge and the stores
were crowded to their doors, so that clerks
and salesmen were scarcely able to pass from
one counter to another.The amount expended on these ephemeral
productions must be enormous. They range
in price from twenty dollars to two for a pen-
ny. Some of the costlier ones are real works
of art, and would be appreciated as such by
any lover of the beautiful. On the other hand,
the comic variety is just as stupid and gro-
tesque as usual.Said Mr. Grubb, of Thornton & Grubb:
"We made a mistake in not ordering a larger
supply of costly valentines. There has been
the largest demand for them that I have ever
known, in an experience of twenty-three years
in the business.""How do you account for that?"
"The fine weather and the fact that people
have plenty of money to spend."Mr. Frank Lester, of Lester & Kuhrt, was
asked about the trade.
"Just look back yonder at those counters
and your question is easily answered. The
rush has kept us all busy as bees, and we have
sold a great many of them today."Other dealers were found equally busy, and
St. Valentine's eve was a bonanza for the book-
stores.Some funny things will occur today in con-
nection with the sending of the seasonable re-
minders.One lady will get just what she gets every
year. A most unaccountable and unimaginable
caricature of a girl with abnormally big feet.
The lady came from Chicago, many years ago,
and this annual missive is sent her by a gen-
tleman who takes especial delight in remind-
ing her of the proverbial size of the Chicago
girl's pedal extremities.She will be amused today as she is tickled
yesterday, over the time-worn joke.A young business man took advantage of
about two dozen of his friends in this wise:
He purchased that many of the ugliest comic
valentines that he could find, and inclosed
each of them in an envelope. These he sealed
and directed, and then put a one cent stamp
on each, so that the unsuspecting recipients
will receive notice from the postmaster that
the letters are held for lack of sufficient post-
age. This will give rise to much disgust.A gentleman whose wife has kept a pretty
vigilant eye on his conduct of late, going
through his pockets for notes, and viewing
with a suspicious eye every bit of face powder
discovered on his coat, took occasion to get
even with her.He purchased the most gushing valentine
he could find, and getting a friend to address
the envelope, had it sent to his good wife.It is needless to say he will look very grave
when it comes this morning, and appear to be
very much exercised over it. She, gentle soul,
will be as much puzzled as he will appear to be,
and he expects to obtain absolution for
sundry shortcomings before he agrees to be-
come reconciled.Late yesterday evening the cooks and
chambermaids had their turn, and many a
wild-eyed son of Ethiope will grin over the
contents of the envelope "Wot de mail man
fotch me."And so it goes. You all know the story.
The custom is as old as the hills. They used
to say that birds mated on this day, and it is
a fact that people in south Georgia plant their
gardens on February 14th, having a supersti-
tion that garden truck produces a better yield
if planted on this day.There is lots of harmless fun; many op-
portunities to wreak a little private spite;
many a chance to express by these dumb
tokens feelings that the faltering lips refuse to
utter; in the custom of sending and receiving
valentines.And—
There's lots of money in it—

A CONFIDENCE GAME.

A Negro Gets Away with Four Dollars in
Cash.A negro yesterday went to Mrs. Conley's
woodyard and asked her to send a dollar load
of wood to the residence of a lady on Davis
street. He said that the lady was sick and
that she had no change less than a five dollar
bill.He said that if Mrs. Conley would send the
wood and four dollars in change she would
send the five dollar bill.Mrs. Conley sent her son with the wood,
and the negro went along to show him the
way. When they reached the place
he told the little boy to throw the wood off as
easily as possible, and he would go inside and
get the money.The negro went inside and the little boy
threw off the wood. He waited for some time,
and as the negro did not return, he knocked at
the door. A negro woman answered, and in-
formed him that the lady was sick, but that she
had not ordered any wood, and neither of them
knew anything about the negro and the four
dollars.The case was reported, but there was no
clue as to the identity of the negro who
worked the confidence game.

petitioned this court, praying to be incorporated
and made a body politic and corporate, under the
name and title of "The Trustees of the Atlanta
University," and publication having been made,
as by law required, and there appearing no ob-
jection thereto, it is ordered and adjudged that
said parties, together with such other
parties as now are, or hereafter, be asso-
ciated with them, be, and they are hereby incor-
porated, to be located in or near the city of At-
lanta, Fulton county, state of Georgia, for the
purpose following:

Section 1. Said corporation shall be vested with
the right to purchase, hold and dispose of real
estate, and to transact, in accordance with the
laws of Georgia, all the business necessary for,
and appropriate to, the establishment and man-
agement of an institution for the liberal and
Christian education of youth, with the right to
employ such amount of capital stock as they may
see fit, not to exceed two hundred and fifty thou-
sand dollars, and for and during the term of
twenty years, with perpetual succession, and
in law, to all intents and purposes whatso-
ever, by the name and title of "The Trustees of the
Atlanta University," by which name and title
their successors shall be competent at law
and in equity to take to themselves and
their successors for the use of said
university, any estate whatsoever in any
messuage, lands, tenements, hereditaments,
goods, chattels, monies and other effects by gift,
demise, grant, donation, bargain, sale, convey-
ance, assurance or will; and the same to grant,
give, bargain, sell, transfer, assign, convey, as-
sure, demise, declare to use, and farm, let, and
to place out on interest for the use of said uni-
versity in such manner as they may deem most
beneficial to said institution, and to secure the
same, their heirs, assigns, executors, and ad-
ministrators, and to apply the same for the pur-
pose, use and benefit of said university and by the
same to sue and be sued, to implead and be im-
pleaded in any courts of law and equity in all
manner of suits, actions and proceedings, what-
soever, and generally by and in the same name
and style, and to execute all contracts, covenants,
deeds and all other instruments, and to do all
things and to transact all and every the business, teach-
ing, or concerning the premises. Provided, that
the same do not exceed the value of fifty thou-
sand dollars net annual income over and above
and exclusive of the receipts for the education
and support of the students of said university.

Sec. 2. Said trustees shall be empowered to call
a meeting at such time and place as a majority may
appoint, to elect a president, secretary, treasurer,
and such other officers as they may deem proper,
and the treasurer to give such bonds as the board
of trustees may direct, also to appoint such other
officers as agents or employees as the board of
trustees may from time to time demand, in all
cases fixing their compensation. All meetings of
said board to be called in such manner as the
trustees shall prescribe, and seven of them so as-
sembled, shall constitute a quorum to do busi-
ness, a less number to adjourn from time to time.
Sec. 3. Said board of trustees to have perpetual
succession in deed and in law, and to adopt a com-
mon seal, which they may alter at pleasure, and
by which all deeds, diplomas, and acts of the
university shall pass and be authenticated.

Sec. 4. Said university may consist of the fol-
lowing departments, and such others as the board
of trustees may establish, normal, collegiate, the-
ological, legal, medical and agricultural.
Sec. 5. The immediate government of the several
departments shall be entrusted to their respective
faculties, but the trustees shall regulate the course
of instruction, prescribe, with the advice of the
professors, the necessary text books, confer such
degrees and grant such diplomas as are usually
conferred and granted by other universities.

Sec. 6. The board of trustees shall have the
power to fill all vacancies that may occur and to
remove any professor or tutor or other officer
connected with the institution, when in their
judgment the interests of the university shall re-
quire it; they shall have the same power to fill
vacancies in their own board, as well as to re-
move any trustee when they deem the interest of
the university shall require it, but that no trustee
shall be removed without the concurrence of two-
thirds of the whole board.

Sec. 7. The board of trustees shall publish an
annual report making an exhibit of the affairs of
the university.

Sec. 8. No misnomer of said corporation shall
defect or annul any donation, gift, grant or bequest
to or from said corporation.

Sec. 9. Said board of trustees shall have full
power to make all by-laws and regulations, what-
soever, that they may deem necessary to the gov-
ernment of the university, not inconsistent with
the laws of the state and of the United States, and
shall also have power to change, modify or repeal
any of same by-laws from time to time as they
may deem the interest of the university requires.

Sec. 10. The individual members of said corpo-
ration shall be liable, as is provided for their
paragraph of the sixteen hundred and twenty-
ninth section of the code of Georgia.

JOHN COLLIER, Judge,
Superior court, F. C.
Afterwards, on the 28th day of April, 1871, said
charter was amended so as to give power to said
trustees, or a majority of them, to increase their
number to twenty-five.

The corporation thus created, established and
conducted the Atlanta university for educational
purposes until the expiration of the charter, which
occurred in October, 1887. At the date of the ex-
piration of the charter, the petitioners were trust-
ees of the corporation.

Petitioners pray that an order may be passed
making them a body corporate for the purposes
aforesaid, and reviving said corporation, and that
as revived, it shall stand clothed with all the
power, and possessed of all the rights, and be sub-
ject to all the debts, liabilities and burdens of
the old corporation which is revived in it. This

Notice to Corporations.

STATE OF GEORGIA,
EXECUTIVE DEPARTMENT.

Atlanta, Ga., January 28, 1890.
WHEREAS, THE GENERAL ASSEMBLY OF
Georgia, by an act approved October 1st, 1883,
required all railroad companies doing business in
this state at that time, or which might after that
date commence the operation of any railroad in
this state, to file with the secretary of state a true
and complete copy of the charter, and all amend-
ments thereto, under which they were doing busi-
ness, and also the names of the president, vice-
president, secretary and treasurer of their corpo-
ration; and

Whereas, The general assembly by act approved
February 28th, 1878, entitled "An act to provide
for keeping a record of all bonds issued in this
state and for other purposes," requires that all
public and private corporations in this state, who
should, after the passage of said act, issue or in-
dorse any bonds for circulation, should file with
the secretary of state within a time therein limited
and under a penalty therein expressed for record
in his office, a certified statement showing the let-
ter of issue, number of bonds, amount of bonds,
and that when such

of issue rate of interest, when and where
payable, and the date of the last day, antedating
such issue; and provided that any person who
should put in circulation the bonds of any public
or private corporation in this state which neg-
lected or refused to comply with the provisions
of said act should be subject to a fine of five
hundred dollars for every bond so put in circula-
tion; and

Whereas, The records in the office of the secre-
tary of state show that the act of 1883 and that of
1878 have not been strictly complied with;

It is ordered, That the foregoing be published in
the Journal and Constitution of Atlanta, the
Telegraph of Macon, the Chronicle of Augusta, the
Enquirer-Sun, of Columbus, the Tribune of Romey,
and the Morning News, of Savannah, for twenty
days, and that when such publication
has been completed the penalties prescribed in
said acts be immediately enforced against every
public and private corporation which may still
neglect or refuse to comply with their provisions,
and against every person who, after the expira-
tion of twenty days from this date, may violate
the provisions of the act of 1878.

Given under my hand and the seal of the execu-
tive department, at the capitol, in the city
of Atlanta, this, the day and year first above
written. By the governor,

EXECUTIVE CLEMENCY

GOVERNOR GORDON ASKED TO SAVE
POLK NEWTON'S LIFE.Colonel Waters and Judge Beck See the Governor
in Behalf of the Condemned
Man—No Decision Reached.

A final attempt was made yesterday to save the life of Polk Newton, the murderer who was to have been hung in Calhoun county today.

Early in the morning Colonel Jesse Waters and Judge J. B. Beck, of Albany, who have defended Newton, arrived at the capital and petitioned the governor to commute the death sentence to imprisonment for life.

In the afternoon the two gentlemen held another long consultation with the governor, the result of which was not made public, as Governor Gordon decided to take the matter into consideration, and declined to make his decision known before this morning.

Both Judge Beck and Colonel Waters were convinced that Newton's case was one in which executive clemency might be shown with perfect propriety. The crime was thoroughly gone over, and the two lawyers explained how both Newton and his victim, Dixon, were infatuated with the same dusky damsel; how they frequently threatened each other, and how when Newton killed Dixon, if he had not done so, he would himself have been killed.

The people of Calhoun county have already experienced one great disappointment on account of Newton and they will be truly grieved if the governor decides on granting the commutation.

Several weeks ago the day for the execution was set. The morning arrived and as no reprieve from Atlanta had been received all the preparations were in progress. An immense crowd gathered to witness Newton's leap into eternity. To pass the time away the whisky bottle was passed about freely, and just as the crowd was growing impatient a telegram postponing the death sentence was received.

Mutters of discontent were heard, which rose in proportion with the circulation of the whisky, until a riot ensued. When the fight was over several men had been seriously injured, and one combatant died within two weeks from the effect of the wounds he received.

Every precaution has been taken, and if the execution takes place today there will be a sufficient force on hand to preserve the peace. It is probable, however, that the governor will grant the commutation.

DIAMONDS.

Watches and Diamonds Found in Tea and Coffee—A Novel Way of Introducing Goods.

The names of all persons finding diamonds, watches, etc., are added to the list daily. The Governor Tea company, of San Francisco, Cal., have refitted the store, No. 43 Peachtree street, and in order to introduce their goods, this company will put for six days in every can of tea and coffee sold such solid gold, silver and nickel watches, also genuine diamonds in solid gold setting, also some and many other articles of less value. Every can contains a souvenir. The coffee, can and contents weigh about three pounds; tea and contents about one-half pound. This expensive and novel way of advertising will be discontinued after sixty days, and those really choice goods will be sold strictly on their merits, without the souvenir. Of course every purchaser must not expect to get diamonds or watches. The company claim that they have just as good a right to give away watches, diamonds or other jewelry and money as their competitors have to give away glassware, chrome, etc. Get up a club. Those who get up a club order must always get a handsome present. Orders by mail promptly forwarded to all parts of the United States on receipt of cash or postoffice order. Terms: single can, \$1.50; six for \$9.00; twelve for \$18.00; twenty-seven for \$39.00. Address: Overland Tea Company, Atlanta, Ga.

Knocked Out!

Has Never Failed to "Knock Out" Blood Poison, Scrofula, Blood Humors and Rheumatism from the System.

I AM NOW twenty-eight years old, and from the time I was seven years of age until 1885, I suffered with a severe case of scrofula. During that time I took every known remedy, but to no purpose. My father took me to North Carolina, where I was put under the treatment of an eminent physician. The medicines given me had only a temporary effect, for shortly after my return the scrofula broke out in a more malignant form, and I was worse off than ever before. In 1887 I discontinued taking all other medicines and commenced taking Swift's Specific (S. S. S.). I took a number of bottles and it cured me. I have been free from Scrofula from that time until now.

T. A. SIZEMORE, Piedmont, S. C.

I have been using Swift's Specific (S. S. S.) for blood diseases, and in every instance with the best result. About five years ago I had my leg hurt in an accident, and the wound never entirely healed. I tried various remedies without success. I was finally induced to try S. S. S. The medicine healed it up—healed it after twenty-five years of suffering had been endured and much money had been thrown away in the purchase of worthless medicines.

LADIES COLUMN.

Notice by the Mayor and General Council of the City of Atlanta, of an Election to Determine the Question as to the Issue by said City of Water Bonds and Sewer Bonds.

WHEREAS, THE MAYOR AND GENERAL council of the city of Atlanta desire to issue \$250,000 of bonds of said city for the purpose of increasing the water supply of said city and also to issue \$100,000 in bonds for the purpose of paying the city's proportion of the construction of sewerage works.

Therefore resolved, That in accordance with the constitution and laws of said state, an election be held on the 28th day of March, 1890, to determine the question whether said bonds shall be issued by said city, and that notice to the people (qualified voters of said city), be published in the Georgia Constitution, the paper in which the sheriff's advertisements for said county are published, and in the city of Atlanta, between this date and the holding of said election, as provided by law, said bonds bear interest at the rate of 4 per cent per annum and to run 30 years from the date thereof, the interest to be paid semi-annually on the first day of January and July of each year, and the principal of said bonds to be fully paid off 30 years from the date of the issuance thereof.

If an election the voters shall have printed or written on their ballots, "For Water Bonds" or "Against Water Bonds," and shall also have printed on their ballots, "For Sewer Bonds" or "Against Sewer Bonds."

The election shall be held at municipal elections in this city and conducted in like manner and in accordance with sections 701 to 709 of the Code of the State of Georgia.

I certify that the foregoing is a true copy of a preamble and resolution adopted by the mayor and council of the city of Atlanta, and commands in by the aforesaid board of said city on February 3, 1890, as approved by said board, and that the same was filed for record in my office.

This February 4, 1890.

P. WOODWARD, Clerk of Council of the City of Atlanta.

BUILDING RAILROADS.

CAPTAIN JOHN C. HART AND HIS WORK IN MIDDLE GEORGIA.

The Extension of the Tennessee-From Union Point to Elberton-From Athens to Jefferson-Railroad News.

One of the most useful and public-spirited men in the state is Captain John C. Hart, of Greene.

He is interested just now in railroad building, and if his success in the past, or his prospects of success now, are anything at all, these projected lines will be built and made to pay.

The first of the projected lines is an extension of the Union Point and White Plains, from White Plains, through Sparta, to Tennessee.

From Union Point to White Plains the road is twelve miles, already of standard gauge and well equipped, and paying handsomely under Captain Hart's management.

From White Plains to Sparta is sixteen miles, and from Sparta to Tennessee is eighteen miles.

The extension goes through Greene, Hancock and Washington. Already donations have been secured sufficient to cover the expenses of a careful and thorough survey from White Plains to Tennessee, thirty-four miles.

The people along the line are thoroughly interested, and the prospects for the road are excellent.

Another road to be built is the extension of the Jefferson branch of the Gainesville, Jefferson and Southern, from Jefferson to Athens. The Athens branch of the Gainesville road from Union Point to Athens is a narrow gauge, but the Gainesville road may be relied upon, it is stated, for the broadening of the gauge just as soon as this is considered to be complete the connection between Gainesville and Tennessee on the Central railroad.

That makes a line like this: Gainesville to Jefferson, already built; Jefferson to Athens, seventeen miles; Athens to Union Point, forty miles, already built; Union Point to White Plains, twelve miles, already built; White Plains to Sparta, sixteen miles; Sparta to Tennessee, eighteen miles.

Then from Tennessee to Savannah is one hundred and thirty-five miles.

That this route will be opened up is almost a certainty.

UNION POINT TO ELBERTON. Another proposed line from Union Point is thirty-eight miles to Elberton.

Survey on this line is to begin soon.

Under One Head. FORD—One railroad ticket. Owner can have same by applying to J. E. Dozier, telephone exchange, proving property and paying for this notice.

Mr. S. H. Hardwick, general passenger agent of the Georgia Pacific, Birmingham, was here yesterday.

Mr. S. J. Hass, traffic manager of the Richmond and Danville, is here.

Mr. C. S. Barnum, general freight agent of the Georgia Pacific at Birmingham, was in Atlanta last evening.

Contagious Blood Diseases. It is evidence of contagious blood diseases. It is manifestly a duty to eradicate blood poison from the system by a use of B. B. B. (Botanic Blood Balm), thus enabling the sore places to heal, and thereby removing all possibilities of other members of the family becoming likewise afflicted.

Send to Blood Balm Co., Atlanta, Ga., for book that will convince.

J. H. Outwell, Mt. Olive, N. C., writes: "I had running sores on my shoulders and arms. One bottle of B. B. B. cured me entirely."

L. Johnson, Belmont Station, Miss., writes: "B. B. B. has worked on me like a charm. My head and body was covered with sores, and my hair came out. But B. B. B. healed me quickly."

W. J. Kinlin, Hutchins, Texas, writes: "B. B. B. has cured my wife of a large ulcer on her leg that doctors and all other medicine could not cure."

M. J. Rossman, a prominent merchant of Greensboro, Ga., writes: "I know of several cases of blood diseases speedily cured by B. B. B. Two bottles cured a lady of ugly scrofulous skin sores."

W. C. Burchmore, Co., Moxey, Ga., writes: "B. B. B. in curing Mr. Robert Ward of blood poison effected one of the most wonderful cures that ever came to our knowledge."

Valentines. A large stock of lace, Mr. and satin Valentines, Munchieva cases and novelties of every description at John M. Miller's, 31 Marietta street.

GREAT DANGER. They Should Be Avoided—A Few Points in Regard to Them.

When the Creator in His wrath (or for His glory?) saw fit to expel His first creation, His own image, from the garden of Eden, He placed on them the curse of disease and death. In after generations He visited His chosen people with many "plagues for their disobedience," but of all the many ills He inflicted upon his fallen creation none were more painful, more loathsome, more terrible in its effects than distemper, in any form, in its ravages and dangerous to life, robbing one of all the pleasures of living. But, as in all other afflictions, He has given a remedy; science in its primitive state was unable to utilize the remedy without causing most intense suffering, and oftentimes leaving the victim in a condition much worse than at first. It was left for the progressive physicians of the present age to offer you a pleasant cure for this most unpleasant disease. You need no longer fear the "knife," with all its pain and dangers, for it is unnecessary. I have laid aside all harsh means and treat you by a rational treatment that means and properly applied for a sufficient time will cure you. Have you details? If so, it is unnecessary to ask you if you wish to be cured of it. But do you wish to avoid the intense pain of a severe operation, or are you wedded to the belief that you cannot be cured without the crude and painful means of the "knife"? If you are, I have nothing to offer you. If you are not, I offer you the very latest that science can give you. I have cured many by this rational method, and you offer the same to you confidently, promising you satisfactory results. Many ladies are afflicted with distemper. To all I say: do not let your time and money go from availing yourself of this opportunity to obtain a cure. My arrangement for privacy are all you need, promising to cure you by my claims. Respectfully, Dr. R. G. JACKSON, 51 Whitehall St., Atlanta, Ga. sun wed fri no 3.

Fine Havana Cigars. We have lately increased our facilities and are prepared to supply the constantly growing demand of our fine Havana cigars. Both our large Coronas and the small size Coronas, challenge the finest brands imported from Cuba.

Smokers should bear in mind distinctly that no fine Havana cigar is fit to smoke unless it is made by hand. Having an experience of twenty years in the business we can say the Spanish method of making cigars by hand is perfect; in fact, it is an art in the highest sense of the word.

In making recently our annual purchase of Havana leaf tobacco, we took particular pains to select just such quantities of leaf suited especially for this market, namely: a thin silky leaf; rich in color, not too light or too dark; mild and sweet in taste, coupled with a delicate and fragrant which is an exclusive property of the very best Cuban leaf tobacco. There is nothing bitter about this genuine Vuelta Abajo leaf; it has not the slightest touch of rankness, and mark well, it does not make you dry in the throat, neither does it bite your tongue when you smoke it.

Our cigars are for sale in all first-class drug stores, cigar stores, saloons, and restaurants. The trade is supplied from the factory at No. 2 Edgewood avenue, corner Peachtree street, by dec 22—sun sat.

Money Wanted. I want to sell some good purchase money notes drawing 8 per cent interest. Will sell at a discount of 2 per cent, thereby netting the buyer 10 per cent on his investment. I will also endorse the notes. The property for which they are given is not in Atlanta, but situated in a good Georgia town. Want to sell the notes for the purpose of investing in some property which is offered to me at a bargain. Address W. J. W. P. O. box 364, Atlanta, Feb 13—21 24page.

Your Sweetheart. Will expect you to send her a fine Valentine from Miller's, 31 Marietta street.

Wait for Us. Our tailoring department will be ready shortly. Eisenman Bros., 11 and 19 Whitehall street.

MISCELLANEOUS.

The plague of lamps is the breaking of chimneys; but that is unnecessary—there are chimneys that do not break.

They are made of tough glass, which costs more than common glass, but not so much more as to make it impossible to sell them at the usual retail price; so the dealer gets less profit on them.

The dealer wants to know where his future chimney trade is to come from, if he sells chimneys that last forever. He secures the "good will" and good profits, as well.

"Pearl-top" is the chimney; Macbeth & Co., Pittsburgh, the makers.

From using for Coughs, Colds, Sore Throat and Incipient Lung Troubles.

It is pleasant to the taste and will cure the most obstinate cold. Prepared by FLEMING BROS., PITTSBURGH.

Sold by all druggists at 25 cents per bottle. Insist on having it.

STUART'S Gin and Buchu cures all Kidney, Bladder and other urinary troubles.

Gin Has been recognized as one of the best and safest remedies. It is one of the best agents in Stuart's Gin.

AND When Gin is combined with other valuable ingredients we have a

Kidney remedy without a rival.

BUCHU Being astringent, diuretic and tonic, when combined with the valuable remedies in Stuart's Gin and Buchu yields a medicine warranted to cure.

ALWAYS Be sure you are right and then go ahead. Stuart's Gin and Buchu is the great specific for all kinds of urinary disorders.

CURES Can be made; cures have been made, and cures will continue to be made of Stuart's Gin and Buchu. Why should not you be made happy also?

DEPOSITORY—LOWRY BANKING COMPANY.

The charter granted under the laws of Georgia, authorizes this association to do business in any state of the union or foreign country and to act as agent and trustee for insurance companies, savings banks and other financial corporations and individuals for the purpose of investing their funds in real estate mortgages.

It will establish local branch offices in every county for the convenience of its members and for the purpose of loaning its funds. Its plans are liberal to its members and upon the mutual co-operative system, affording a safe and profitable depository for investors and furnishing the borrower money on long time and at low rate of interest. Desirous of meeting the views and wants of all its members, the association will issue stock in four classes as follows:

CLASS A—Payments 50 cents a month, estimated to mature in 8 years. Cost of a loan of \$1,000 is \$13.50 per month.

CLASS B—Payments 60 cents a month, estimated to mature in 7 years. Cost of a loan of \$1,000 is \$16 per month.

CLASS C—Payments 80 cents a month, estimated to mature in 5 1/2 years. Cost for the loan of \$1,000 is \$20 per month.

CLASS D—Farmers' Class. Either the above classes, (A, B, or C.) Payments for six months in the year, but double the monthly payments, beginning in October and ending in April. REAL ESTATE.

G. W. ADAIR, REAL ESTATE.

I have for sale a few choice pieces of A. N. Gilt Edge, central store property, at from \$5,000 to \$60,000. Capitalists in search of such property can find a profitable investment by consulting me.

I have a beautiful 5-acre tract near Inman park between Decatur and East Park street.

I have several cheap lots on easy terms near E. and M. & N. cotton mill.

I have a plat and price of the prettiest lots in that most desirable suburb—"Inman Park."

I have vacant and improved property in West End, on street car line.

I have a splendid plant near the E. T. V. & Co. shops and the Brossus factory, which it would pay well to improve.

Mr. E. D. L. Mobley, who was formerly in my office and who has long experience in the real estate business, is now connected with my office as a salesman and is ready with conveyance to show customers who may wish to buy.

My office is well equipped and my lists comprise property on nearly every street in the city.

If you have property to sell call and leave description and price.

To the Public:

We take this means of calling your attention to our extensive line of crockery, glassware, chandeliers, lamps and general bric-a-brac. During the past season we have had an unprecedented sale, and have made customers in all the southern states. The fact that we sell strictly a first-class line of goods and at prices our competitors cannot touch, has brought about our increased business, for which we feel very thankful.

We beg to call your attention to our line of goods as they lie upon our shelves today. We have the largest and best stock of fine IMPORTED CROCKERY and glassware that there is in the southern states. We make a specialty of the famous HAVILAND CHINA, and sell it at a very low figure. It must be remembered that our stock consists of DIRECT IMPORTATIONS from the leading houses of Europe, and that all of our goods are strictly first-class and warranted. Call at our store and inspect them.

CONVENTION ECHOES.

COLONEL HARDEMAN IN A DIGNIFIED BARKIS.

Enthusiasm Aroused by Mr. Grady's Name—Northern and Livingston—Henderson and Waddell in Hawkinsville.

Colonel Tom Hardeman is a very dignified Barkis. He is looking on at the boys with hands off, and apparently taking no active interest in the fight for the governorship, but he has his weather eye open and is pretty well posted.

"I am out of politics," said he, in reply to a question. "I have just got out of the post office and I want to rest. I am not a candidate and never will be."

"Suppose the people should nominate you?" "That's a very different matter—but a burnt child dreads fire."

Speaking of gubernatorial matters, President Northern, who has occupied a very dignified attitude during the convention, has impressed the members with his ability as a practical farmer. "I am satisfied that he is the most practical farmer who has ever presided over the convention," said a delegate; "he is well up on any subject you can spring."

It was a fact that Mr. Northern was ready to freshen up a discussion with his own experience at any time, and what he said always had a definite value.

Colonel Livingston was keen-eyed as a lynx, and always ready to pierce the joints in somebody's harness. While he is around there is not much danger that a convention will go to sleep. He never lets any man get near his feet when there is an alliance man in sight, and he is good for more speeches in a day than almost any man you can jump out of a cotton patch.

Colonel Hardeman's speech contained a glowing tribute to Mr. Grady. In speaking of the State university, which institution some thoughtless members were disposed to asperse, Colonel Hardeman called to mind the illustrious catalogue of its graduates, and after mentioning the names of Thomas Stephens, Hill and Lumpkin, he added, "and there is that brilliant meteor that blazed across the sky and disappeared."

The power of a noble life to kindle enthusiasm was never more forcibly shown than by an incident which happened at the experience meeting Wednesday night.

Dr. Hape and Dr. Carey were conducting the proceedings with wit and humor, when Colonel Livingston began. He alluded to the prospect of bringing about a good feeling between north and south by the efforts of the Farmers' Alliance and the workingmen, and he triumphantly declared that all this had been accomplished by the alliance, and the penitents pushed him nothing to do with it.

When he sat down, Mr. Calloway, of the Macon Telegraph, arose with his pencil in his hand, and referred to Colonel Livingston's statement. In a modest way, he recalled the patriotic attitude of the southern press all through reconstruction times until now, and reached a climax by suddenly asking: "Why, what editor was it, who, by a single speech, did more to unite this country than all others?"

"Grady," shouted Dr. Fleetwood, and the building rang with the shout.

"I only meant it in a Pickwickian sense," said Colonel Livingston.

"And now he wants to say it is Pickwickian," said Mr. Calloway; "it would be better to call it Livingstonian."

At this there was an uproar of laughter, in which Colonel Livingston good-naturedly joined.

Mr. Calloway concluded by saying the democratic party was defeated by northern hats and we would have to look to the alliance to restore the good feeling between the sections.

Pulaski county farmers are wide awake and progressive, and although they have not been so much written and talked about as some, they will compare with any in the state.

"We can truthfully say that Pulaski has as many good farmers as any county in the state," said Mr. Robert Brown, who is one of the most active among them.

"Many of our farmers are out of debt and have not sold their cotton simply because they did not need the money. The other day a man went to a farmer's house and bought his cotton. He offered 10 cents and the man said: 'Well, that is my price, and you can take it.' Some of them have sold their cotton and put the money out at interest. As a rule, our good farmers are out of debt, except where they have bought land to enlarge their operations."

"Hawkinsville is now at the head of navigation of the Ocmulgee river, which is open for boats from here to Brunswick, a distance of between four and five hundred miles. The boats bring cotton and naval stores here and take back goods. The government has notified railroads that they must construct draw-bridges, and \$20,000 will be spent to open the river from here to Macon. Then there will be an immense traffic going up and down this stream."

President Northern, Secretary R. A. Nisbet, Treasurer Powell and Messrs. Jones, Hape and Captain Pierce Home, of the executive committee, stopped over in Macon, and were the fair. It was shown that, although the state fair spent \$4,000 more than usual for premiums last year, it made a profit. It is to hold the fair this year, beginning on October 23d.

Colonel Livingston also spent the day in Macon, and addressed a meeting of the Bibb county alliance at the court house. He followed State Lecturer Beck, and soon had the alliance men red hot.

The candidate has not yet showed himself who is strong enough to beat Commissioner Henderson, and there are no signs of such on the horizon. The judge in his quiet way has made himself very agreeable to the farmers, and will get most of their votes.

No little popularity was added to his administration by the appointment of Colonel John D. Waddell. The commissioner referred to the appointment in his semi-annual report Wednesday, and as soon as he sat down a resolution endorsing Judge Henderson's action in making Colonel Waddell assistant commissioner, was offered. The resolution was adopted unanimously and with great enthusiasm.

MEDICAL.

WHY COUGH,

WHEN a few doses of Ayer's Cherry Pectoral will relieve you? Try it. Keep it in the house. You are liable to have a cough at any time, and no other remedy is so effective as this world-renowned preparation. No household, with young children, should be without it. Scores of lives are saved every year by its timely use.

Amanda B. Jenner, Northampton, Mass., writes: "Common gratitude impels me to acknowledge the great benefit I have derived for my children from the use of Ayer's Cherry Pectoral. I had lost two dear children from croup and consumption, and had the greatest fear of losing my only remaining daughter and son, as they were delicate. Happily, I find that by giving them Ayer's Cherry Pectoral, on the first symptoms of throat or lung trouble, they are relieved from danger, and are becoming robust, healthy children."

In the winter of 1885 I took a bad cold which, in spite of every known remedy, grew worse, so that the family physician considered me incurable, supposing me to be in consumption. As a last resort I tried Ayer's Cherry Pectoral, and, in a short time, the cure was complete. Since then I have never been without this medicine. I am fifty years of age, weigh over 180 pounds, and attribute my good health to the use of Ayer's Cherry Pectoral.—G. W. Youker, Leeds, N. Y.

"Last winter I contracted a severe cold, which by repeated exposure, became quite obstinate. I was much troubled with hoarseness and bronchial irritation. After trying various medicines, without relief, I at last purchased a bottle of Ayer's Cherry Pectoral. On taking this medicine, my cough ceased almost immediately, and I have been well ever since."—Rev. Thos. B. Russell, Secretary Holston Conference and P. E. of the Greenville District, M. E. C., Jonesboro, Tenn.
